

CANON ROSIE HARPER

My passions are **justice** and **equality**, and I am deeply committed to **transformation with accountability** for the sake of the gospel.

Until recently, Bishop Alan Wilson and I worked together tirelessly to **encourage and stimulate change** within the church.

Now that he has died, I have vowed to myself and God to continue that work and I would value your vote to help me **speak out for the truth** within General Synod.

- ✓ **Parish vicar for 18 years**
- ✓ 12 years on General Synod
- ✓ **Chaplain to Bishop of Bucks for 20 years & member of Senior Area Team**
- ✓ Author, broadcaster, journalist
- ✓ **Trustee/Member of Multi Academy Trusts**
- ✓ Chair of Ozanne Foundation & Indian Education Trust
- ✓ **Speaker & preacher at international conferences, cathedrals, churches**
- ✓ 10 years on Bishop's Council, Diocesan Patronage Board

I bring 20 years of experience as Bishop's Chaplain working with Church communities across the Bucks Archdeaconry.

At a local level I have seen **diversity without animosity** and long to see that in General Synod as well.

- **LLF:** There must be life beyond this. There is vast pain and exhaustion. We need to frame this so that **one person's salvation is not contingent on others agreeing with them.**
- **Safeguarding:** For all the apologies, money spent, and new processes, survivors remain at the edge, not in the centre. **This is immoral.**
