

OXFORD DIOCESAN ADVISORY COMMITTEE FOR THE CARE OF CHURCHES

MINUTES 9th May 2022 10am

1. Welcome

2. Apologies – Katie Tupling, Joyce Christie, Archdeacon of Berkshire, Geraldine O Farrell,

3. Attendees – Revd Derek Witchell, Ven Jonathan Chaffey, Ven Guy Elsmore, Ven Judy French, Abigail Lloyd, Revd Canon Jeff West, Bryan Martin, Julian Munby, Charlotte Robinson, Peter Preston, John Missenden, Revd Canon David Tyler, Revd Canon Val Plumb, Helen Ensor, Mike Holmes, James Makintosh
Observers – Maranda St John Nicolle

4. Minutes of Meeting held on 14th March 2022 were approved

5. Declarations of Interest

Revd Canon Dr Peter Groves – Brasenose College Chapel
Charlotte Robinson

6. Correspondence, policy and other matters for consideration

DAC Chairman resignation

The Committee heard that Revd Derek Witchell has resigned as Chairman of the Oxford DAC to pursue other interests, and to dedicate time to his new role as Area Dean of Aston and Cuddesdon.

7. Applications submitted to the DAC since the last agenda

February 2022 – Total: 133

May 2022 Minute:				
The DAC was content to recommend the proposals, subject the usual provisos for compliance with Construction Design Management legislation, checking for the presence of bats, and informing the church's insurers, once the following has been agreed by subcommittee:				
<ul style="list-style-type: none"> • The choice and number of café tables and chairs • Confirmation of the choice of pews to be disposed of • The specification/schedule of work for shortening the pews, making good the floor and cleaning the walls where pew removal reveals areas of much cleaner brickwork adjacent to soot-stained brickwork • The design of the storage furniture • All of the above could be agreed with the subcommittee, without needing to revert to the full DAC.

Minutes of Previous DAC Meeting				

March 2019 minute:

The DAC resolved to support the principle of the proposals and encouraged the college to approach organ builders to produce a specification for the new instrument.

May 2022 minute:

The DAC resolved to issue a *Recommend* Notification of Advice subject to the following provisos:

1. The existing brass handrails (not original) on the south side of the organ are replaced to match the proposed handrails to the north side.
2. The number of spindles to the proposed bridge handrail is reduced (the spacing between the spindles is increased).
3. Details of any fixings to the Jackson organ case are agreed with the subcommittee prior to installation of the stair.
4. No alterations, such as additional access hatches, are to be made to the Jackson organ case.

Minutes of Previous DAC Meeting

July 2021 minute:
The following comments arose from the DAC's discussion of the proposed chandelier heaters:

- The committee had concerns that the heat provided by the chandelier heaters will be inadequate and ineffective in such a large space. Those sitting in the aisles will receive heat from one direction only with body heat being lost to the cold masonry of the external walls and large areas of glazing. It is unlikely that the heat from the units will warm the feet and legs of those sitting in the pews.
- The proposed units will be highly visible and were not considered appropriate within the setting of the Grade I listed church.
- The red glow emitted when in use will detract from the character of the church and is not welcomed by many including wedding photographers who would be likely to ask that they are turned off.
- Heating in the chancel is not addressed by the proposals. The proposal to install infrared under pew heaters is not acceptable as it would be likely to damage the choir stalls.

- Infrared will heat any surface which has a direct line of sight so the chandeliers in the eastern arches could cause thermal cracking in wood of the highly significant chancel screen.
- It appears that the proposal is based on economy only.

The DAC resolved to await the pre-application consultation response from Historic England and Church Buildings Council following the August site visit before sending their advice to the parish.

May 2022 minute:

Following lengthy discussion the DAC resolved to issue a *Not Recommend* NOA for the scheme as proposed, with the following provisos suggested as conditions should the parish wish to petition, and the Chancellor grant a faculty:

- A programme of survey and monitoring is implemented which is independently instructed with funding from the diocese and other funding bodies. Details of the proposed monitoring to be agreed by the SCBO, CBO and the funding bodies but to include a baseline condition survey and a programme of environmental monitoring based on proposals from Tobit Curteis Associates.
- The existing heating system is to be retained for a period of 5 years while the effectiveness of the chandelier heaters is monitored.
- All cable routes and fixings to be agreed with the QI architect.
- Electrical installation to be carried out in accordance with diocesan guidelines: <https://d3hgrlq6yacptf.cloudfront.net/61f2fd86f0ee5/content/pages/documents/20210106-doc-support-services-electrical-guidelines-dac-guidance-v01.pdf>
- A record of the costs in use to be kept for a period of 12 months.
- The chandelier heaters to be suspended in the aisle at the junction of the arcade with the aisle roof, as required by Ely DAC at St Andrew's Girton, and not from the apex of the nave arcade. This is to lessen the visual impact of the units and reduce their impact when live streaming/recording services looking west to east down the nave axis.
- The infra-red heating elements should be omitted from the sections of the eastern-most chandeliers which would face the rood screen.
- Details of the type and location of proposed pew heaters including details of fixing and cable routes to be agreed with the subcommittee in advance of an order for the units being placed.
- The light fittings should be omitted from the heating unit and a bespoke lighting solution should be designed and submitted to the DAC for consideration either as a condition of this faculty or as a separate application.
- Given the significance of the church, a less visually intrusive unit such as those installed at St Nicholas, Blakeney should be used.

The feedback letter to be amended to reflect this, and the reasons why this decision was taken.

9. Pre-application or technical site visits to note (03.03.22 – 25.04.22)

- 10.03.22 Upton St Mary the Virgin – Reordering (SH)
- 17.03.22 Wheatley St Mary – Work in Churchyard (SH)
- 28.03.22 Lockinge All Saints – New Organ (JS)
- 01.04.22 Buckland St Mary the Virgin – Rendering tower (NM)
- 06.04.22 Merton College Chapel – Replacement of inner lobby (NM)
- 06.04.22 Dunton St Martin – Structural questions (SH)
- 08.04.22 Abingdon St Nicholas – Work in Churchyard (NM)
- 13.04.22 Dunsden All Saints – Window (SH)
- 21.04.22 Kidmore End St John the Baptist – Paths & Lighting, new facilities (JS)
